

Boise State has the highest admission standards among Idaho's public universities and offers an Honors College. Its location in the capital city provides a stimulating educational environment, opportunities to partner with business and government, and a host of cultural amenities for students.

For more information phone (800) 824-7017, (208) 426-1000 or visit their website at: www.boisestate.edu

ON THE RIVER R.V. PARK

Located in Boise off Glenwood.

On The River R.V. Park was built on the south bank of the Boise River in 1990. We offer 216 full service pull thru sites, 29 back-ins, 20, 30 and 50 amp services and tent sites. Cable TV is available in the pull thru sites and data ports are located in both the office and laundromat building.

Don't forget your bicycles, blades or walking shoes as the Boise River Greenbelt borders the river and extends approximately 26 miles east.

If golf is your game, we are within twenty minutes of at least six courses and the staff will be glad to assist you with tee times.

Bait and fly-fishing are available along the river year-round, with rainbow and brown trout both native and hatchery. In the fall the occasional load of excess steelhead is released in the Boise River by the Idaho Department Of Fish and Game.

If you enjoy baseball, we are located next to the Boise Hawks stadium and offer free bleacher seats to park guests.

We look forward to meeting you. You can always call toll free (800) 375-7432 for reservations or e-mail us at otrrvpark@iousa.net

BRUNEAU SCENIC CANYON

Located 8 miles S.E. of Bruneau.

Bruneau Hot Springs, an easily accessible natural hot water pool, serves as the welcome mat for this scenic canyon.

One of many deep gorges criss-crossing the desert, the **Bruneau Canyon** is particularly impressive with its steep vertical cliffs, lush foliage and clear blue water.

To view this canyon, take the Mountain Home exit off I-84 and get on State Highway 51.

CALDWELL

Located 25 miles west of Boise off I-84.

Caldwell, the "Gateway to Idaho Outdoors," is near some of the most spectacular outdoor recreation areas, mountains, deserts, lakes and rivers. Visitors can participate in white-water rafting, kayaking, backpacking, rock climbing and hiking. There are hunting seasons for big game, upland bird and water fowl.

Within an hour's drive of **Caldwell**, you can visit a winery, pick your own berries, visit pioneer Oregon Trail, see an old silver mining town, bike a desert canyon to a waterfall or visit three wildlife refuges.

Lake Lowell is a popular recreational area for fishing, boating and water-skiing. The refuge to the south provides a thriving and varied bird population. The Lower Dam features a large picnic area and swimming.

The Boise River which runs through **Caldwell**, and the Snake River a few miles south, are great for boating, fishing and nature walks. The forests of southern and central Idaho are famous for fly-fishing streams, easy and challenging hiking trails and white water rivers.

Public camping areas are plentiful and accessible. Three major downhill ski areas are within easy driving distance. Groomed trails for cross-country skiing and areas for snowmobiling can be found nearby.

In addition to the many outdoor activities, respected The College of Idaho brings arts and entertainment to campus. Across the street, the Caldwell Events Center hosts exciting sports events and special shows. Two mature golf courses are open to the public. Fine restaurants, comfortable hotels, motels and campgrounds welcome travelers.
