Come see us this summer. Whether in the city or the county, one visit and you will know that you have discovered a City for all Seasons!

For more information, please phone (701) 228-3849 or toll free (800) 735-6932; or visit our website at www.bottineau.com

GRASSY BUTTE

Located 33 miles south of Watford City on Highway 85 near the Maah Daah Hey Trail is **Grassy Butte**, North Dakota. Stop by the community of **Grassy Butte** to take a look at the Old Sod Post Office Historic Site and Museum.

The Old Sod Post Office was built in 1912 when construction materials were scarce. The structure made of logs and sod, housed the Grassy Butte Post Office from 1914 to 1964. Near the historic site is a city park with camping and RV facilities; there are 25 sites w/electrical hookup, playground, picnic tables, vault toilets, horseshoe pit, barbecue grills, and volleyball nets.

HAZEN

Located on the Lewis & Clark Trail along Highway 200, near Lake Sakakawea.

Hazen is nestled in the heart of the Sakakawea South Shore Region, just minutes from beautiful Lake Sakakawea, the Knife River Indian Villages and several coal mines and energy plants. It is just over an hour's drive from the cities of Bismarck, Minot and Dickinson.

Located on the Lewis & Clark Trail along Highway 200 just 15 minutes from Highway 1806, which borders the Lake Sakakawea / Missouri River system. This route connects travelers to Sakakawea Scenic Byway on Highway 200 and the Killdeer Byway on Highway 22, two of the most scenic drives in western North Dakota.

Hazen is a logical choice for an overnight stay between the Fort Union Trading Post National Historic Site and Fort Buford State Historic Site to the west and the Knife River Indian Villages and Lewis and Clark Interpretive Center

to the east. Its friendly people and a variety of lodging choices make it a perfect destination point.

RV Park, motel, and bed and breakfast accommodations are available as well as a wide variety of restaurants. Visitors to the area are encouraged to try the authentic German menu items offered at the local restaurants.

Full service camping facilities are available in **Hazen** at the new Lewis and Clark Campground or at the Hazen Bay Recreation Area for those wanting to be near the Lake. Missouri River Lodge, located along the Missouri River and just minutes from the Knife River Indian Villages, offers its guests "an adventure with a view."

This bed and breakfast facility is in a beautiful setting and offers many additional activities to guests that stay there.

The Sakakawea South Shore Region includes the Hazen Bay Recreation Area just 15 minutes north of town. Lake Sakakawea is one of the top fisheries in the nation and is fast becoming the destination for anglers in pursuit of Walleye, Northern, Salmon, Small Mouth Bass, Lake Trout – virtually every species of fresh water game fish. Canoeing and sailing offer a chance to see the area from the view that Lewis and Clark did. Guide services are available for birding, historic tours and hunting.

The **Hazen** area also offers golf, tennis, extensive walking and bike paths, swimming pool with water slide, archery range, twin movie theater, indoor ice arena and playgrounds.

Hazen serves as an excellent central point for a birding adventure in the land where Lewis and Clark wintered and met Sakakawea. **Hazen** is located in a major prairie region of the Central Migratory Flyway.

Harmony Lake Wildlife Management Area is located six miles north of **Hazen**. The lake is stocked with bluegill, largemouth bass and fathead minnows. A concrete boat ramp is located near the main vehicle entrance. Boats and other watercraft may use electric motors only.

KENMARE

Kenmare's business district is located around a unique old time town square, that today offers travelers a place to picnic with its green grass and shade trees. **Kenmare's** thriving business community invites you to browse in a friendly, courteous,
