SANDSTONE GRILL

Sandstone Grill is the result of two Midwest girls who dreamed of cooking. Tenise and Tammy are sisters who grew up in St. Paul, NE. After a few years exploring the big cities (Tenise was in Kansas City for 12 years, Tammy was in Seattle for 6 years) they decided to look for culinary opportunities closer to their family. On advice from their Aunt, they made a trip to Burwell and toured the old Burwell Hotel / Café and fell in love with the building and saw potential to make it into a great destination spot.

A business plan was born and the sisters packed up and moved to Burwell in August '05. After a 4 month renovation the tin ceiling was given a great new look, the hardwood floors were restored

and the look of the historic Burwell Hotel, which is attached through French doors, was carried over to create a wonderful new look. Now they were ready for business!

Burwell is a resort town and they saw an opportunity to fill a niche with their healthy gourmet culinary styles. The menu is filled with tasty deli sandwiches, gourmet salads, homemade soups, specialty burgers, pasta and of course steak and seafood. Add

a great wine selection and home-made desserts and a niche was filled. Burwell is an historic city filled with great stories. Come for the food. Explore the History!
